CITY COUNCIL
REGULAR MEETINGNew Street to Be Opened—Caldwell
Street to Be Improved—May
Move Oil Tanks.

The regular monthly meeting of the city council was held last night with Mayor Harris presiding and the following officers present: Aldermen Haswell, Levy, Vick and Daly, City Engineer Adams, Secretary Crenshaw, Chief Clerk Bittle and Electrician Smith.

W. R. Fairman, proprietor of the Dixie and Queen Theatres, again appeared before the council and asked that he be refunded \$25 on account of the loss sustained by him when the power plant broke down some time ago and the power was off between the hours of 7:15 and 9 o'clock. Mr. Fairman stated that these were the best two hours of the day for his business and that the breakdown occurred on Saturday night, his best day, and that he was at the expense on that certain day of a special feature film at the Queen Theatre. His request was not granted by the council.

A petition was read from E. S. Wickes and a number of other residents and property owners on Tabor and Main streets, asking the council to take what steps were necessary for the removal of the oil tanks situated on block 266 in the city of Bryan and adjacent to the Brazos Valley Mule Barn, claiming that they were dangerous in case of fire. The matter was referred to the ordinance committee, composed of Aldermen Haswell and Daly, to get a lawyer's opinion on the matter, and see what can be done, and to report at the next council meeting.

County Commissioner J. W. Hamilton appeared before the council and asked that the city agree to help the county in opening a new street to the Mumford road in the northern part of the city through that section known as "Parsonsville," and stated that the county would bear one-half of the expense of opening the new street, which will be a continuation of Jackson street, and will run through the Lowery land. By motion duly made and carried the city agreed

to the proposition, and Aldermen Daly and Vick were appointed as a committee to act in conjunction with the commissioners' court in opening the new road. The old road is reported to be impassable and that it will be much cheaper to open a new road than to repair the old one.

City Engineer Adams was ordered by the council to put in three weeks' work, with the city street forces, on East Caldwell street, in draining and improving the street.

A motion was made and carried that after March 1 all series street lights will be free and will not be charged to the residents along the lighted streets, as has been done heretofore.

Fred Standard, well driller, appeared before the council and again proposed to the council to sink the deep well at the plant to a depth of 2,000 feet and put in eight-inch casing, for \$2 per foot, six-inch casing for \$1.75 per foot, and four-inch casing for \$1 per foot. The city to furnish all machinery, the city to pay his weekly payroll and he would make arrangements with them for the remainder of the money to be paid him to suit themselves.

The proposition was referred to the water and lights committee to investigate and look into the details of the proposed contract and to report at the next meeting.

Fire Chief A. E. Worley appeared before the council in behalf of Protection Company No. 1, and asked that they be allowed to sell the old fire wagon on the arrival of the newly purchased one, and to take the proceeds from the sale and use them in paying for the new wagon. The permission was given.

Deputy Marshal Worley was instructed by the council to begin the collection of the \$3 annual special city street taxes.

The council was then adjourned.

BAPTIST LAYMEN
ENJOY BANQUET

Large Number Present and Splendid
Fellowship Characterized the
Proceedings.

In line with the great laymen's movement inaugurated by the churchmen of the country some years ago, the Baptist men of Bryan came together at 7:30 last evening at the furniture store of E. F. Parks & Co. for their annual banquet. The place and all its appointments were splendidly adapted to an affair of that kind and added materially to the pleasure of the occasion.

After the crowd of more than one hundred men had gathered, some thirty minutes were spent in getting acquainted and in social fellowship. Everybody was in a happy mood and a splendid fellowship was shown which continued throughout the evening. There was not a dull moment and every person present had a royal good time.

Referring again to the Laymen's Movement, one of its chief features is for the cultivation of a closer social relationship between the members. To bring them together, to get them acquainted, to let them rub elbows, and to let them know more of each other. The principle is that a better acquaintance will create a deeper sympathy one for another, and a greater interest in each other's welfare.

At 8 o'clock the guests were seated at the long tables, the divine blessing was invoked by Rev. J. M. Bullock, and an elegant menu was served. This was followed by the program of the evening. Dr. M. E. Weaver acted as toastmaster, and in his happiest vein introduced the speakers and their subjects. All of the speakers were present except Prof. C. P. Fountain and Dr. W. B. Bizzell. Hon. W. C. Davis supplied for Prof. Fountain and Col. Clarence Ousley for Dr. Bizzell. The program in full was as follows:

Toastmaster, Rev. M. E. Weaver.

"Our Sunday School," John A. Moore Jr.

"Our Baptist Young People's Union," Paul C. Porter.

"Church and Publicity," A. J. Buchanan.

"Church and Her History," H. O. Boatwright.

"Christianity and Texas' Future," Hon. W. C. Davis.

"Good Fellowship," Rev. A. E. Hill.

"Churches and Schools," Judge J. T. Maloney.

"Churches and Finances," Hardy Newton.

"Our Men," A. W. Buchanan.

"Our Women," Dr. S. C. Richardson.

"Boosting the Church," H. L. McKnight.

"Church and A. & M. College," Col. Clarence Ousley.

Following is the committee in charge of the arrangements: Eugene Edge, P. S. Park, J. H. McCullough, W. S. Wilson Jr., E. F. Parks, Rev. M. E. Weaver and T. R. Batte. The committee worked untiringly for the success of the affair and are entitled to commendation for their efforts.
